ACTIVE DUTY PROMOTION LIST

U.S. GOVERNMENT PRINTING OFFICE
WASHINGTON : 1969

Foreword

1. The Active Duty Promotion List (ADPL) of the United States Air Force is authorized by section 122 of title 10, United States Code. It is published to provide an official reference for use by Air Force activities in managing the Officer Temporary Promotion Programs.

2. The ADPL contains the names of all captains, majors and lieutenant colonels (less Medical Corps Officers) on active duty with the Air Force as of 31 December 1968. The ADPL Number assigned each officer is his relative position by rank in his temporary grade within his promotion category.

3. The source of data for the ADPL is the Uniform Officer Record (UOR). The information contained in the UOR is stored, retrieved, and updated electronically by means of the Personnel Data System—Officers (PDS—O). The basic information for each officer listed is reflected also in field personnel records and in punch cards maintained within the Consolidated Base Personnel Officer (CBPO). Each listed officer can verify his entry at base level, and his personnel officer can take action as outlined in AFM 30-3, to correct errors and omissions.

BY ORDER OF THE SECRETARY OF THE AIR FORCE:

Official:
JOHN F. RASH,
Colonel, USAF,
Director of Administration.

J. P. McCONNELL,
General, U.S. Air Force,
Chief of Staff.
